Address:

A905, Kamalraj Haridwar, Dighi
Pune - 411015
State:Maharashtra , India

Education

Bitcode Technologies, Pune

iOS App development course

- Attended from Jan 2014 to Jul 2014

S B Jain Institute, Nagpur

Bachelor of Engineering in
Electronics and Telecomm

- Attended from Sept 2010 to Oct 2013

Government Polytechnic, Arvi

Diploma in Electronics and
communication

- Attended from Jul 2008 to Aug 2010

Personal Profile

A collaborative and design-minded IOS Mobile Developer with more than 8.5+ years of experience in developing and maintaining high-performance and reusable native mobile applications that vary in scale, scope, and complexity.

Professional Skills

Coding Languages:

Swift, Objective C, Python3

Frameworks:

UIKit, SwiftUI, Combine, CoreBluetooth, CoreLocation, CoreAnimation, RxSwift, CoreData, GCD, GraphQL NSOperation, AVFoundation, Alamofire, Kingfisher, NSURLSession, Periphery

Features:

- Web API Integration, JSON
- UI Design Using StoryBoards and AutoLayout and SwiftUI
- Advanced architectures like MVVM, MVP, VIPER
- CI/CD (Jenkins, Fastlane)
- Unit, UI Testing (XCTest, XCUITest)
- Push Notification
- Multithreading
- SOLID and Clean principles
- Framework creation
- App signing and distribution
- OOPS, Data Structure and Algorithms

Tools :

Xcode, Instruments, Jira, Github, Gitlab, Cocoapods, SwiftGen

Career Summary

Senior Software Developer

Tech4Billions Pvt Ltd(Chingari)

Jan 2023 to Current

- Collaborated with cross-functional teams, including designers and product managers, to gather requirements and translate them into innovative iOS solutions.
- Excelled in conducting thorough code reviews, and providing valuable feedback on coding practices and architectural improvements.
- Demonstrated expertise in designing the architecture for MVVM-based applications using RxSwift.
- A notable achievement was the development of the Circles feature, which contains a feed showcasing text, images, and video posts.
- Mentored junior developers, providing guidance and support in their professional growth and fostering a collaborative team environment.

Senior Software Developer

Thoughtworks Pvt Ltd

Mar 2022 to Dec 2022

- Conducted comprehensive code reviews, providing valuable insights on coding practices and architectural enhancements
- Designed and implemented a robust HTTP-based networking layer for GraphQL
- Created compelling animations to optimize the onboarding experience for banking domain applications, enhancing user engagement and usability.
- Collaborated seamlessly with an offshore designer, delivering visually stunning graphics that garnered client approval

Senior Software Developer

Globant Pvt Ltd

Apr 2018 to Feb 2022

- Engineered a robust security threat detection library for iOS applications, effectively identifying and mitigating risks including jailbreaks and hooks.
- Extensively worked on IoT and Enterprise applications as an individual developer
- Implemented Continuous Integration and Continuous Deployment (CI/CD) processes using Fastlane and Jenkins for streamlined development and deployment workflows.
- Demonstrated expertise in writing unit tests to maximize code coverage and ensure the quality and stability of the applications.
- Developed a feature flag management library to facilitate configuration and enable efficient feature toggling.

Software Developer

Extentia Information Technology

Aug 2016 to Mar 2018

- Designed and developed a communication app that seamlessly connects with Bluetooth devices, providing users with valuable data.
- Created an innovative SDK for locking and unlocking electric bicycles, enabling convenient and secure access.
- Effectively partnered with an offshore designer to deliver visually captivating graphics for the application, securing client approval through efficient teamwork.

Jr. Software Developer

Brainbess Solutions Pvt Ltd

Aug 2014 to Jun 2016

- Played a key role in enhancing the user experience of the leading E-Commerce application Firstcry.com, implementing user-centric features and optimizations.
- Worked closely with designers and backend developers to ensure seamless integration of RESTful JSON services and deliver high-quality functionality.
